DIRECTORY

# Simmental Sire Directory 2014

The Council has decided to divide our Sire Directory into two sections based on reliability. As data is ever changing please check the following websites for the latest updates:

[www.irishsimmental.com](http://www.irishsimmental.com) or [www.icbf.com](http://www.icbf.com)

Every effort has been made to ensure the accuracy of all the information in this Sire Directory, however the Council accepts no responsibility for any error but will make the necessary corrections at the first available opportunity. To appear on the ISCS Sire Directory bulls must be A.I. coded reaching the full DAFF health requirements and have semen available for distribution through an approved A.I. Centre.

**SECTION 1**  
Bulls with Terminal or Maternal Reliability greater than 40%

**SECTION 2**  
Bulls with Terminal or Maternal Reliability less than 40%
