345	529	400	606	455	679	515	735	570	781	625	833

## 7. **Johne's Testing**

Export customers are indicating that Johne's Free Accreditation would be a major advantage on animals that they would consider purchasing. Breeders are asked to be mindful of this and to consider having animals and their dams tested in advance of TB Testing. Another notable point is to if possible ensure that samples are sent to a CHECS Approved Lab

## 8. **Fertility Testing.**

While Fertility testing is not an entry requirement, it is recommended that breeders consider having their bulls tested prior to sale.
