**Sire Directory**

# Sire Directory

Again this year Council has compiled an extensive list of bulls for whom semen is available through the A.I. network. To appear on this Irish Simmental Cattle Society Sire Directory bulls must be A.I. coded reaching the full DAFF health requirements and have semen available for distribution through an approved A.I. Centre.

**Royalty Sires** - Please note that a number of bulls listed are referenced as ROYALTY Sires. This means that for any Pedigree registration from these bull an additional registration fee as listed applies (Royalty).

Council has decided not to print each bulls evaluation as they can change following each evaluation run. However all such information is available on icbf.com and accessing this data is demonstrated at the end of this directory.

Every effort has been made to ensure the accuracy of all information within this Sire Directory, however the Council accepts no responsibility for any error, however will make any required corrections or updates at the first available opportunity.

# Eurostar Evaluations

As these evaluations are constantly updating it was decided not to publish bull traits but outlined below are the two ways to view the up to date evaluations of a bull before you use them.

## Irish Simmental Cattle Society Website.

[www.irishsimmental.com](http://www.irishsimmental.com)

Go to the INFO tab and the ON LINE HERDBOOK.

Next choose the Semen Catalogue tab on the top and this will list all bulls available. These can then be sorted into the trait leaders for the trait of your choice by clicking on that trait heading.

**WOODHALL FERRARI**A.I. Code: **S12468**Available from:

Price per Straw €28

The ICBF 'Bull Search' facility on the ICBF website ([www.icbf.com](http://www.icbf.com)) is where you can find out the most up-to-date Euro Stars of any AI Bull, Stockbull or Young Bull that you are thinking of buying.

The indexes for each bull on this list are from the **December 2016 evaluation run**. However, indexes are updated three times per year; **April, August and December**.

New calves, weights and carcasses etc. could come into a Bull's indexes at each of these evaluation updates, **potentially causing his Euro Star figures to change**.

It is, therefore, important that you check the online bull search at [www.icbf.com](http://www.icbf.com) to see the most up-to-date index for a bull.

**Step 1**

Enter [www.icbf.com](http://www.icbf.com) into your internet address bar

**Step 2**

Go to the 'Bull Search' and enter the tag number or AI Code of any pedigree bull and click 'search'. That animals most up-to-date Euro Star figures will then be shown
