SIMMENTAL SIRE DIRECTORY 2023

Welcome to the ISCS Sire Directory for 2023. Council have again compiled the attached list of bulls for whom semen is available through the AI network.

To appear on this listing bulls must be AI coded, reaching the full DAFF health requirements and have semen available for distribution through an approved AI centre.

Royalty Sires - Please note that a number of bulls listed have a royalty price included. This means that for any pedigree registration from these bulls an additional registration charge as listed applies.

Evaluations - Council has decided not to print any evaluations for the bulls included as these evaluations can change following each evaluation run. However, all current evaluation information is available for each bull from ICBF and can be accessed on www.icbf.com

Disclaimer: Every effort has been made to ensure the accuracy of all the information within this Sire Directory. Council will not accept responsibility for any errors contained in this Sire Directory but will make the required corrections at the first available opportunity.
